**Notice of Permissive Detariffing of Wireline Broadband Internet Access Service
Effective April 1, 2006 by**

CC Docket No. 02-33

March 2, 2006

Bixby Telephone Company (“Company”) hereby provides notice that it plans to terminate provision of wireline broadband Internet access transmission service (WBIATS) on a tariffed basis effective April 1, 2006 at which time it plans to offer permissive detariffed WBIATS on a Title II common-carriage basis pursuant to paragraph 94 of the Federal Communications Commission’s *Wireline Broadband Order*.¹ The Company currently offers WBIATS through Asymmetric Digital Subscriber Line (“ADSL”) Access Service and Symmetric Digital Subscriber Line (“SDSL”) Access Service under National Exchange Carrier Association (“NECA”) Tariff F.C.C. No. 5, for which the Company is an issuing carrier.

Concurrent with this notice, the Company is requesting of NECA that it remove the Company as a carrier listed in NECA Tariff F.C.C. No. 5 as a provider of ADSL and SDSL Access Services (hereinafter “WBIATS”) under the tariff effective April 1, 2006.

Impact on Customers

The only customer for the Company’s WBIAS is the nonregulated Internet Service Provider (“ISP”) operation of the Company. The nonregulated operation of the Company purchases WBIATS for use as a component in its broadband Internet service sold to consumers and business customers. The discontinuance of the tariffed offering of WBIATS will have no effect on the end user service provided by Company.

Future Availability of WBIAS on a Permissive-Detariffed Common Carriage Basis

The Company will continue to make WBIAS available on a common-carriage basis through posting of rates, terms and conditions on its Internet web-site in a manner similar to that required for interstate and international interexchange services under Section 42.10 of the FCC’s rules (47 C.F.R. § 42.10). The initial rates will be those offered under tariff. Any change in rates, terms and conditions will be made on fifteen-day advance notice to customers and shall apply to both the affiliates and non-affiliates on a non-discriminatory basis. Cost allocations related to WBIAS will continue to be handled as under the *status quo*.

¹ See *Appropriate Framework for Broadband Access to the Internet over Wireline Facilities, Universal Service Obligations of Broadband Providers*, CC Docket No. 02-33, WC Docket No. 05-271, Report and Order and Notice of Proposed Rulemaking, 20 FCC Rcd 14853 (2005), FCC 05-150 (Rel. Sept. 23, 2005), (*Wireline Broadband Order*).
